

Your companion on the road...

mobybak Mobile I - Plan descriptions with respective options

Characteristics	Benefits	Bronze - \$14.99	Silver - \$19.99	Gold - \$29.99	
Moby I	GPS tracking in real-time	It allows you to locate the travel of the driver at any time and to know about the unexpected changes in itinerary via a consultation of our website with a secure access.	Reading each 2 minutes	Reading each minute	Reading at the 30 seconds
	Email speed alerts	It allows you to locate the travel of the driver at any time and to know if he exceeds the speed limits.	✓	✓	✓
	Customized geolocalisation for chosen areas	It allows you to be alerted when an unauthorized area is crossed. One of the most disturbing elements for parents according to our surveys.	✓	✓	✓
	Email driving alerts	It allows you to be alerted when the speed limit is exceeded or other abnormal vehicle manoeuvres: excessive braking, fast start-up.		✓	✓
	Feedback through email	A very useful option to verify easily the travels and to validate the driver's commitments with the "mobybak - coach" program.		✓	✓
	Events reports	A very useful option to verify retroactively the vehicle movements and the trends. It is useful for an upward revision of driver's permissions with the "mobybak - coach" program.	✓	✓	✓
	Use your smartphone	mobybak with you in your pocket. Difficult to be closer to you.			✓
	Automatic monthly billing	The monthly bill for your subscription is automatically, as long as you join one of our mobybak plans.	✓	✓	✓
	Installation in the OBDII plug of the vehicle*	Easy to install at no extra cost, one easy connection in less than 30 seconds.	✓	✓	✓
	Maximum reading time	Reading time is determined by the number of times the vehicle starts up per day and is calculated on a monthly basis.	4 hours per day or 160 hours per month	6 hours per day or 180 hours per month	8 hours per day or 240 hours per month

	Automatic monthly billing	The monthly bill for your subscription is automatically, as long as you join one of our mobybak plans.	✓	✓	✓
	Physical installation of Moby II	The Moby II installation is easy, but a professional installation is recommended. It takes less than 20 minutes for a complete installation.			
	Maximum reading time	Reading time is determined by the number of times the vehicle starts up per day and is calculated on a monthly basis.	4 hours per day or 160 hours per month	6 hours per day or 180 hours per month	4 hours per day or 240 hours per month

Terms and conditions: If, during the month, you exceed the number of total hours of use, you will automatically be charged for a higher plan. If you have already subscribed to the plan, an additional fee of \$5 per month will be charged to your account. Please note that none of the family plans are designed for, or are applicable for one or more commercial vehicles. No family plan will be accepted for any commercial vehicles. Our plans don't suit your travel habits? Contact us. We can work out a customized plan.
